DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03 February 2006 has been entered.

2. Claims 1-25 have been presented for examination.

Response to Arguments

3. Applicant's arguments, see pages 11-12, filed 03 February 2006, with respect to claims 1-25 have been fully considered and are persuasive. The rejection of claims 1-25 has been withdrawn.

Allowable Subject Matter

4. Claims 1-25 are allowed.

5. The following is an examiner's statement of reasons for allowance:

As stated above, the Examiner agrees with the Applicant's arguments that the prior art does not disclose wherein the "file server returns destination IP addresses different from IP addresses to which each corresponding URL resolves according to the domain name system" and "a domain management interface for authenticating a user's right to alter contents of the first file." Since no teachings or motivation can be found of file server returning destination IP addresses different from IP addresses to which each corresponding URL resolves according to the domain name system OR a domain

Art Unit: 2131

management interface for authenticating a user's right to alter contents of the first file, claims 1-25 are therefore novel and non-obvious.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
